SERIES INFORMATION

The Census of Schools has been conducted, since 1960. This census is the the fourty third one in a series of censuses conducted annually. This census provides valuable information about goverment school and teachers to policy makers, planners and researchers.

The questionnaire is filled by Principals of the schools and it contains following parts.

- Identification information about the school
- Details about the school children
- Physical facilities
- Non academic staff
- Details about the teachers

ABSTRACT

Education information is essential for the management of the education system in the country. Without proper information the situation of education cannot be assessed and the causes leading to problems cannot be analysed. In the absence of such analysis, actions to remedy the problems, that deny the rights of children to quality basic education cannot be assured.

The Ministry of Education has conducted an uninterrupted series of annual school census for wel over four decades.

The main objective of the census is to collect following information

- Information about the school
- Students
- Teachers
