SERIES INFORMATION

The Census of Public and Semi Government Sector Employment conducted in 2006 is the Seventh in the series of such censuses by the Department of Census and Statistics since 1980. Previous six censuses were conducted in 1980, 1985, 1990, 1994, 1998 and 2002 respectively. Three censuses administered before 1980 were limited only to Public Sector Employment and were conducted by the Ministry of Public Administration in the years 1968, 1972 and 1976.

ABSTRACT

The Census of Public and Semi Government Sector Employment was conducted by the Department of Census and Statistics on 1st July 2006. The information of the employees of Permanent, Casual, Temporary, Contract Basis or Other Basis under the following sectors were collected.

State Sector : All the Ministries, Departments and Institutions not coming under any Ministry but under the Central Government are included.

Provincial and Public Sector : All the Ministries and Institutions coming under the Provincial Councils.

Semi-Government Sector : Corporations, Boards, Authorities, State Banks and Public and Private Companies.

The Census frame consisted of 62 Ministries and 8 Provincial Councils. There were 1055 Institutions under the State sector, 708 under the Provincial Public Sector and 265 Institutions under the Semi-Government Sector.

At this census every attempt was made to collect information regarding personal and occupational attributes of the employees such as personal emoluments, occupation, and language abilities, educational qualifications, professional qualifications, salary particulars, details of loans, leave taken, type of residence, distance to place of work from current residence and mode of travel etc;

DATA COLLECTION NOTES

As an initial step, the census frame was prepared in January 2006 by listing all the institutions under each Ministry and provincial council.. A coordinating officer was appointed to each institution of the Ministry under the Central government and to the Provincial councils to monitor the census and to liaise with the Department of Census and Statistics.

All the Institutions were asked to provide the number of employees according to the paysheet of January 2006. Based on that estimate all census documents were sent to the coordinating officers to distribute among the

employees. Collecting duly filled schedules, preparing the summary form and returning filed schedules were responsibilities of the coordinating officers. The information was collected through a postal enquiry where every employee had to fill a questionnaire individually.

Data Processing

DATA EDITING

The data were entered in more than 15 microcomputers using the specially prepared software in CsPro. The data were entered in the computer lab of the DCS, with 25 staff trained prior to data processing. In order to ensure quality control, the software was programmed to check the internal consistency of data entered. Procedures and standard programs developed. The SPSS-version 13 statistical package was used for data tabulation and analysis.
