Sri Lanka (2009)
Labour Force Survey - 2009 (LFS 2009)

Overview	
Type	Labor Force Survey [hh/lfs]
Identification	LKA-DCS-LFS-2009-v1.0
Version	Production Date: 2010-09-22 v1.0: Full edited dataset, original version for internal DPD use.
Series	Sri Lanka Labour Force Survey (LFS) was designed to measure the levels and trends of employment, unemployment and labour force in Sri Lanka. Since 1990, the survey is being conducted quarterly. 2009 is the twentieth successive year in which the survey has been repeated. Amongst other figures, Provincial level estimates are taken from the Annual LFS 2009 data file which is a combination of all the four quarterly files processed for the year 2009.
<p><u>Abstract</u></p> <p>The employment/unemployment data are required at very short intervals to monitor the program made in the employment generating policies of the government. To satisfy this need, Sri Lanka Labour Force Survey was designed as a quarterly basis survey to measure the levels and trends of employment, unemployment and labour force in Sri Lanka. Thus the survey is repeated four times each year since the first quarter of 1990. Key objectives of the survey - To study the economically active / inactive population. - To analyze employment by major industry group and employment status. - To determine unemployment rates by level of education and by age group - To study the informal sector employment. - To determine the underemployment rates by sector and by major industries</p>	
Kind of Data	Sample survey data [ssd]
Unit of Analysis	Individuals from the population aged 10 years or more

Scope & Coverage	
<p><u>Scope</u></p> <p>The scope of LFS 2009 includes the following key sections:- 1). Identification Information 2). Control Data 3). Personal Information 4). Information on Labour Force Identification and Personal Information are as follows:- Identification Information - Address, Province, District, D.S. Division, G. N. Division, Sector, Name of MC/UC/PS - Name of Ward/Village/Estate, Census Block Number, Sample Reference Number - Survey Quarter, Number of households, Name of the Head of the household - Identifications of Interviewers & Supervising Officers Personal Information - Relationship to Head of Household, Gender, Age, Ethnic Group, Religion, Marital Status - Educational Attainment, Attendance at Schooling or other Educational Institution - Professional / Technical Training, Persons who are working abroad</p>	
Topics	LABOUR AND EMPLOYMENT [3]
<p><u>Geographic Coverage</u></p> <p>National coverage. [Excluding the Northern and the Eastern Provinces] This survey covered persons living in housing units only and, it excludes the institutional population.</p>	
<p><u>Universe</u></p> <p>Working age population (10 years and above) living in the non-institutional households in Sri Lanka</p>	

Producers & Sponsors	
Primary Investigator(s)	Department of Census and Statistics, Ministry of Finance and Planning

Sampling
<p><u>Sampling Procedure</u></p> <p>2.1 Sampling plan and the sampling frame A two stage stratified sampling procedure was adopted to select a sample of 22,500 housing units to be enumerated in the survey. The master sampling frame prepared for 2001 Census of Population and Housing was used as the sampling frame for the selection of sample for the labour force survey 2009. This main frame was updated after the Tsunami incident in 2007 using quick count method. 2.2 Sample size The quarterly survey was conducted since 1990 using a sample of 2,000 housing units per quarter in areas other than North and East, and the sample size was increased to 4,000 housing units per quarter in 1996 and continued thereafter. However, in 1992 and 1997, an annual sample of 20,000 housing units was selected to give reliable estimates of district level. In 2004 again 20,000 housing units were selected for the survey. However, in order to provide district level estimates precisely, it was decided to use 20,000 - 25,000 housing units as the annual sample from 2006. As such, in 2009, the annual sample of 22,500 housing units were selected. 2.3 Sample Allocation In 2008, 2,250 Primary Sampling Units (PSU's) are allocated to each district and each sector by using the Neymann Allocation method which considers the variance of unemployment rate as usually. The allocated sample for each district then equally distributed among the 12 months. Table 1 gives the sample distributions by district for year 2009. Table 1: Sample allocation by district - 2009 District Housing District Housing Units Units Total 22,500 Mullaitivu 390 Colombo 2,150 Kilinochchi 360 Gampaha 1,920 Batticaloa 560 Kalutara 1,210 Ampara 900 Kandy 1,400 Trincomalee 390 Matale 610 Kurunegala 1,680 Nuwara Eliya 600 Puttalam 840 Galle 1,200 Anuradhapura 960 Matara 970 Polonnaruwa 500 Hambantota 840 Badulla 860 Jaffna 720 Moneragala 550 Mannar 390 Ratnapura 1,160 Vavuniya 390 Kegalle 950 2.4 Selection of Primary Sampling Units (PSU) Primary sampling units are the census blocks prepared for the Census of Population and Housing - 2001. The sample frame, which was updated after Tsunami has been used for the selection of primary sampling units. 2.5 Selection of Secondary Sampling Units (SSU) Secondary Sampling Units are the housing units in the selected 2,250 primary sampling units (census blocks). From each primary sampling unit 10 housing units (SSU) are selected for the survey using random sampling method.</p> <p><u>Deviations from Sample Design</u></p> <p>In 2008, the field work of the survey for the year 2009 was done in all twelve months in 2009. Even though it was planned to conduct the labour force survey in Northern and Eastern provinces, the survey could not be conducted properly in Northern province due to the prevailing conditions. In year 2009 the survey was carried out in Eastern province successfully as in 2008. Therefore, this report is based on an annual sample of 20,260 housing units, excluding only Northern province providing national, provincial and district level estimates with a stipulated standard errors of labour force characteristics as reported in the relevant reference periods of each 12 months of the year 2009. This survey covers persons living in housing units only and, it excludes the institutional population.</p>

Data Collection	
Data Collection Dates	12 months: start 2009-01-01 12 months: end 2009-12-31
Data Collection Mode	Face-to-face [f2f]
<p><u>Data Collection Notes</u></p> <p>Field Work The field work of the survey for the year 2009 was done in all 12 months from January to December 2009. Listing operation was also staggered over a period of 12 months starting from November 2008 to October 2009. For each primary sampling unit, updating was done, about two months prior to the scheduled interviewing.</p>	

As such, for example, the census blocks which were surveyed in April, were updated in February. Statistical officers of the DCS were involved in the listing operation prior to the survey and also in the survey data collection operation. Each statistical officer is responsible for doing all statistical activities in a Divisional Secretariat division to which she/he is attached. These officers were given a through training before they were entrusted with the survey operations. In each district, there is an officer who is incharge of the statistical activities in the district.

Questionnaires

Survey Schedule Current survey concepts and methods are very similar to those introduced at the beginning of the survey in 1990. However, some changes have been made over the years to improve the accuracy and usefulness of the data. Beginning in January 2006, some significant improvements were made to the labour force survey schedule in order to fulfill the requirements of its users and also to provide additional information for the planning purposes. This was done after carefully reviewing of the LFS schedule with the technical assistance provided by the Economic and Social Commission for Asia and the Pacific (ESCAP) Adviser. The revision was made focusing on literacy, household economic activities, informal sector employment and underemployment etc. This revised version of the questionnaire has been using since first quarter, 2006.

Data Collector(s)	Department of Census and Statistics (DCS) , Ministry of Finance and Planning
-------------------	--

Supervision

Field supervision Senior officers of the DCS visited the Districts to check whether enumerators have done their work properly. These supervising officers were expected to submit their reports to the heads of the relevant divisions based on their observations.

Data Processing & Appraisal

Other Processing

Data was processed by district -wise batches and stored in separate files. Data processing included the following steps. 1. Counting and accepting the filled questionnaires by the DP Division 2. Do a visual check for completeness 3. Preliminary editing and marking codes 4. Entry of data 5. Run edit program for each District batch 6. Produce error report and return to the Survey office 7. Correction of errors on the report 8. Change incorrect data using the corrected error report 9. Re-run the edit program and repeat the error correction procedure 10. Produce final report on clean data with a backup of clean data. After all batches are processed, all data files were combined together and then the following steps are completed for all data files: 11) Re-coding of variables needed for analysis 12) Adding of sample weights 13) Tabulations

Estimates of Sampling Error

The estimation procedure is given in the section 2.6 in the Annual Report. The Annual Report is attached in the External Resources Section.

Other Forms of Data Appraisal

The adjustments for non-response is given in the section 2.7 in the Annual Report. The Annual Report is attached in the External Resources Section.

Accessibility

Access Authority	Director General (Department of Census and Statistics) , http://www.statistics.gov.lk , dgcensus@statistics.gov.lk
Contact(s)	Information Unit (Department of Census & Statistics) , http://www.statistics.gov.lk , information@statistics.gov.lk Sample Survey Division (Department of Census & Statistics) , http://www.statistics.gov.lk , sample.survey@statistics.gov.lk

Confidentiality

Under the Statistical ordinance, micro data cannot be released with identifications for public use. Procedures are in place to ensure that information relating to any particular individual person, household or undertaking will be kept strictly confidential and will not be divulged to external parties. Information on individual or individual Household/establishment will not be divulged or published in such a form that will facilitate the identification of any particular person or establishment as the data have been collected under the Census/Statistical ordinance, according to which the information at individual level cannot be divulged and such information is strictly confidential.

Access Conditions

The dataset has been anonymized and is available as a Public Use Dataset. It is accessible to all for statistical and research purposes only, under the following terms and conditions: 1. The data and other materials will not be redistributed or sold to other individuals, institutions, or organizations without the written agreement. 2. The data will be used for statistical and scientific research purposes only. They will be used solely for reporting of aggregated information, and not for investigation of specific individuals or organizations. 3. No attempt will be made to re-identify respondents, and no use will be made of the identity of any person or establishment discovered inadvertently. 4. No attempt will be made to produce links among datasets provided by the Department or among data from the Department and other datasets that could identify individuals or organizations. 5. Any books, articles, conference papers, theses, dissertations, reports, or other publications that employ data obtained from the Department will cite the source of data in accordance with the Citation Requirement provided with each dataset. 6. An electronic copy of all reports and publications based on the requested data will be sent to the Department. The following rules apply to micro data released by the Department of Census and Statistics. • Only the requests of Government Institutions, Recognized Universities, Students, and selected international agencies are entertained. However, the Data users are required to strictly adhere to the terms stipulated in the agreement form. • All the data requests should be made to Director General (DG) of the DCS as the sole authority of releasing data is vested with the DG, DCS. DCS of Sri Lanka reserves sole right to approve or reject any data request made depending on the confidential nature of the data set and intended purpose of the study or analysis. • Requests for micro data should be made through the agreement form designed by DCS for this purpose (Form D.R.1). The agreement form should be filled in triplicate and the Study/project proposal should accompany the filled agreement form. If requests are made for the micro data of more than one survey, a separate agreement should be signed. • If the data request is from a student a letter from the respective Dept. Head/Dean/Supervisor, recommending the issue of data, should also be accompanied. • If the request is approved only 25% of the data file is released at the first stage. The release of the total data file is considered only after reviewing the draft report prepared on the basis of the 25% sample data file.

Variables Description

Dataset contains 218 variable(s)

File 2009-Identification Information

#1 REC\$TYPE

Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1		19990	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#2 YEAR: Year

Information	[Type= discrete] [Format=numeric] [Range= 2008-2009] [Missing=*]		
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
2008		10	0.1%
2009		19980	99.9%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#3 MONTH: Month

Information	[Type= discrete] [Format=numeric] [Range= 1-12] [Missing=*]		
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1	January	1685	8.4%
2	February	1654	8.3%
3	March	1651	8.3%
4	April	1647	8.2%
5	May	1648	8.2%
6	June	1660	8.3%
7	July	1706	8.5%
8	August	1664	8.3%
9	September	1695	8.5%
10	October	1636	8.2%
11	November	1680	8.4%
12	December	1664	8.3%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#4 SECTOR: Sector

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]		
-------------	--	--	--

File 2009-Identification Information (cont.)

#4 SECTOR: Sector (cont.)

Statistics [NW/ W] [Valid=19990 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1	Urban	2573	12.9%
2	Rural	16332	81.7%
3	Estate	1085	5.4%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#5 DISTRICT: District

Information [Type= discrete] [Format=numeric] [Range= 11-92] [Missing=*]

Statistics [NW/ W] [Valid=19990 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
11	Colombo	2101	10.5%
12	Gampaha	1915	9.6%
13	Kalutara	1213	6.1%
21	Kandy	1389	6.9%
22	Matale	593	3.0%
23	Nuwara Eliya	551	2.8%
31	Galle	1204	6.0%
32	Matara	951	4.8%
33	Hambantota	814	4.1%
41	Jaffna	0	0.0%
42	Mannar	0	0.0%
43	Vavuniya	0	0.0%
44	Mulativu	0	0.0%
45	Kilinochchi	0	0.0%
51	Batticaloa	520	2.6%
52	Ampara	870	4.4%
53	Trincomalee	456	2.3%
61	Kurunegala	1672	8.4%
62	Puttalama	826	4.1%
71	Anuradhapura	956	4.8%
72	Polonnaruwa	492	2.5%
81	Badulla	855	4.3%
82	Monaragala	539	2.7%
91	Ratnapura	1145	5.7%
92	Kegalle	928	4.6%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

File 2009-Identification Information (cont.)

#6 PSU: Census Block Number

Information	[Type= continuous] [Format=numeric] [Range= 1-215] [Missing=*]
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-] [Mean=62.187 /-] [StdDev=46.179 /-]

#7 HUNO: Household Sample Reference Number

Information	[Type= discrete] [Format=numeric] [Range= 1-10] [Missing=*]
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1		1999	10.0%
2		2000	10.0%
3		2006	10.0%
4		2006	10.0%
5		1994	10.0%
6		2000	10.0%
7		1996	10.0%
8		2000	10.0%
9		1991	10.0%
10		1998	10.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#8 HHNO: Household Number

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1		19830	99.2%
2		142	0.7%
3		15	0.1%
4		2	0.0%
5		1	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#9 HHSERNO: Household Serial Number

Information	[Type= continuous] [Format=numeric] [Range= 1-184] [Missing=*]
Statistics [NW/ W]	[Valid=19990 /-] [Invalid=0 /-] [Mean=51.132 /-] [StdDev=38.306 /-]

#10 TEMP: Temp

Information	[Type= discrete] [Format=numeric] [Missing=*]
-------------	---

File 2009-Identification Information (cont.)

#10 TEMP: Temp (cont.)

Statistics [NW/ W]	[Valid=0 /-] [Invalid=19990 /-]
--------------------	---------------------------------

Value	Label	Cases	Percentage
Sysmiss		19990	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#11 RCODE1: Result code - visit1

Information	[Type= discrete] [Format=numeric] [Range= 1-8] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=19948 /-] [Invalid=42 /-]
--------------------	----------------------------------

Value	Label	Cases	Percentage
1	Completed	16721	83.8%
2	Deferred	389	2.0%
3	Ineligible	125	0.6%
4	No Competent respondent at home	600	3.0%
5	Refused	26	0.1%
6	Housing unit is temporarily closed	1986	10.0%
7	Other	100	0.5%
8		1	0.0%
Sysmiss		42	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#12 RCODE2: Result code - visit2

Information	[Type= discrete] [Format=numeric] [Range= 1-7] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2907 /-] [Invalid=17083 /-]
--------------------	------------------------------------

Value	Label	Cases	Percentage
1	Completed	1685	58.0%
2	Deferred	40	1.4%
3	Ineligible	11	0.4%
4	No Competent respondent at home	187	6.4%
5	Refused	4	0.1%
6	Housing unit is temporarily closed	964	33.2%
7	Other	16	0.6%
Sysmiss		17083	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#13 RCODE3: Result code - visit3

Information	[Type= discrete] [Format=numeric] [Range= 1-7] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=1053 /-] [Invalid=18937 /-]
--------------------	------------------------------------

File 2009-Identification Information (cont.)

#13 RCODE3: Result code - visit3 (cont.)

Value	Label	Cases	Percentage
1	Completed	275	26.1%
2	Deferred	0	0.0%
3	Ineligible	10	0.9%
4	No Competent respondent at home	99	9.4%
5	Refused	3	0.3%
6	Housing unit is temporarily closed	654	62.1%
7	Other	12	1.1%
Sysmiss		18937	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#14 TIME1: Time taken - visit1 (minutes)

Information	[Type= continuous] [Format=numeric] [Range= 0-99] [Missing=*]
Statistics [NW/ W]	[Valid=17390 /-] [Invalid=2600 /-] [Mean=32.307 /-] [StdDev=13.302 /-]

#15 TIME2: Time taken - visit2 (minutes)

Information	[Type= continuous] [Format=numeric] [Range= 0-95] [Missing=*]
Statistics [NW/ W]	[Valid=1902 /-] [Invalid=18088 /-] [Mean=33.316 /-] [StdDev=17.092 /-]

#16 TIME3: Time taken - visit3 (minutes)

Information	[Type= discrete] [Format=numeric] [Range= 0-90] [Missing=*]
