

## List of Tables

	<b>Page No.</b>
<b>Chapter 2</b>	
Table 2.1	Primary Sample Allocation by District & Sector 11
Table 2.2	Distribution of Primary Sampling Units by Province & Sector 12
Table 2.3	Distribution of Sample Housing units by District and Sector 13
Table 2.4	Interview Completion rate (percent) by district and Sector 17
Table 2.5	Number of Sample children in the Age group 5- 17 years enumerated (un-weighted) by District and Sector 18
<b>Chapter 3</b>	
Table 3.1	Distribution of Child population aged 5-17 years by age group, Gender and sector 21
Table 3.2	An Analysis of School Attendance Status of Child population aged 5-17 years by Age group, Gender and Sector 22
Table 3.3	Distribution of Children not attending school by age group, Gender and Sector 23
Table 3.4	Distribution of child population by Reason for not attending school and Gender 23
Table 3.5	Distribution of Children by Reason for not attending School, Sector wise 24
Table 3.5A	Distribution of Children by Reason for not attending School, Age wise 25
Table 3.6	Distribution of Children by Nature of activity and Gender 27
Table 3.7	Distribution of Children by nature of activity and sector 28
<b>Chapter 4</b>	
Table 4.1	Distribution of Working children aged 5- 17 years by Age group, Gender and Sector 29
Table 4.2	School attendance status of Working children (aged 5- 17 years) by Age group, Gender and Sector 30
Table 4.3	Gender wise distribution of the country's Total child population, aged 5- 17 years, by their School and attendance and Activity status 31
Table 4.4	Sector wise distribution of the Total child population, aged 5- 17 years by School attendance and Work status 32
Table 4.5	Age group wise composition of Children's Activity Status 33
Table 4.6	Percentage distribution of Working Children, aged 5- 17 years, by their Educational accomplishments and Gender 34
Table 4.7	Percentage Distribution of Children in Economic activity by their Major occupation, Gender, Sector and Age group 35
Table 4.8	Percentage distribution of working children by Industrial sector, Residential sector, Gender and Age group 36
Table 4.9	Percentage Distribution of Employment status of children engaged in economic activities by Residential sector, Gender and Age group 37
Table 4.10	Percentage Distribution of Number of hours worked per week by Working Children by Residential sector, Gender and Age group in Sri Lanka - 2008/09. 38
Table 4.11	Percentage Distribution of Place of work, of working children by Gender 39
Table 4.12	Percentage distribution of Average Monthly Income of working children by Residential sector, Gender and Age group in Sri Lanka - 2008/09 39
Table 4.13	Percentage distribution Working Children according to the basis on which payments were made to them by Sector, Gender and Age group 40
Table 4.14	Percentage distribution of Choice in spending their earnings by Working Children by Sector, Gender and Age group 41
Table 4.15	Percentage distribution of number of hours spent by children engaged in Family work according to Sector, Gender and Age group 42
Table 4.16	Percentage distribution of number of hours spent in family work by children attending/ not attending school by Gender 43

## Chapter 5

Table 5.1.1	Distribution of Child labour and Hazardous forms of child labour	46
Table 5.1.2	Child population identified as Child labour and Hazardous forms of child labour by Age groups	47
Table 5.1.3	Child population sifted to identify Child labour and Hazardous forms of child labour by Gender	48
Table 5.1.4	Child population sifted to identify Child labour and Hazardous forms of child labour by Sector	48
Table 5.2.1	Schooling status of Child labour by Age groups	49
Table 5.2.2	Schooling status of Children in Hazardous forms of child labour by Age group	50
Table 5.2.3	Schooling Status of Child Labour by Gender	50
Table 5.2.4	Schooling status of children in Hazardous forms of child labour by Gender	50
Table 5.2.5	Schooling status of children in Child labour by sector	51
Table 5.2.6	Schooling status of children in Hazardous forms of child labour by sector	51
Table 5.3.1	Percentage Distribution of Child labour and Hazardous forms of child labour among Major industries in the country by Residential sector	52
Table 5.3.2	Percentage distribution of Child Labour employment by sub groups within Elementary Occupations	54
Table 5.3.3	Percentage Distribution of child labour in different Occupations with their Hazardous / Non hazardous status	54
Table 5.3.4	Percentage Distribution of Child labour and Hazardous forms of child labour by Occupational Category and Age group	55
Table 5.3.5	Percentage Distribution of Child Labour and Hazardous forms of child labour by Occupational category and Gender	55
Table 5.3.6	Percentage Distribution of children in Child Labour and in Hazardous forms of Child labour by Occupational category and by Residential Sector	56
Table 5.3.7	Percentage Distribution of Child labour and Hazardous forms of child labour by Employment status and by Age group	57
Table 5.3.8	Percentage Distribution of Child labour and Hazardous forms of child labour by Employment status and Gender	57
Table 5.3.9	Percentage Distribution of Child labour and Hazardous forms of child labour by Employment status and Sector	58
Table 5.4.1	Distribution of Average Monthly Income and Hours worked per week in Child labour and Hazardous forms of child labour by Gender, Age group and Sector	59
Table 5.4.2	Distribution of Average monthly income and Hours worked per week for Child labour and Hazardous forms of child labour by Employment status	59

## Chapter 6

Table 6.1.1	Gender wise percentage engagement of children, aged 5 to 17 years, by the nature of their employment.	63
Table 6.1.2	Gender wise percentage distinction of child population, aged 5 to 17 years, with regard to their engagement in work and the nature of employment.	64
Table 6.1.3	Child population, aged 5 to 17 years, with their engagement in work analysed according to family status in percentage form	64
Table 6.1.4	Parents/Guardians Otherwise preferred engagement for their working child in the 5 to 17 Age group	66
Table 6.1.5	Children's, aged 5 to 17 years, engagement in work analysed according to the Level of Education of the Head of households	66
Table 6.1.6	Analysis of Working Children, aged 5 to 17 years, according to the attitude of Parent/guardian on Reason for allowing the child to be engaged in economic activity by Sector	67
Table 6.1.7	Parent /Guardian perception of the Impact on the household in the event of Working Children, aged 5 to 17 years, ceasing to work, by Residential sector	68
Table 6.2.1	Days of child work (average per year) by status of facing injuries and/or falling ill due to usual economic activity by Age group	69
Table 6.2.2	Children (percentage) aged 5 to 17 years by Problems faced due to work and Nature of employment- 2008/09 - Sri Lanka.	69
Table 6.2.4	Usually working children (percentage) aged 5 - 17 years by type of injury and/or illness faced due to work by Age group - 2008/09 - Sri Lanka	70

Table 6.2.5	Usually working children (percentage) aged 5 - 17 years by type of injury and/or illness faced due to work by Gender	71
Table 6.2.6	Usually working children (percentage) aged 5 - 17 years by Frequency of injuries or illnesses faced due to work by Age group and Gender	72
Table 6.2.7	Usually working children (percentage) aged 5 - 17 years by Seriousness of injury or illness faced due to work by Age group	72
Table 6.2.8	Usually working children (percentage) aged 5 - 17 years by Exposure to heavy work/ equipments and harmful environments by Age group	73
Table 6.3.1	Children (percentage) aged 5 to 17 years by Status of housing and sanitation and Nature of employment.	74
Table 6.3.2	Working Children and Child Labour (percentage) aged 5 to 17 years by Ownership of household equipments and Nature of employment	75
Table 6.3.3	Working Children and Child Labour (percentage) aged 5 to 17 years by General Household Affluence and Nature of employment	76

## Annexure

### 1. Additional tables

Table A1	Percentage distribution of household population by age group by sector, Gender, province and district	79
Table A2	Distribution of household children population by age group by sector, gender, and district	80
Table A3	Percentage distribution of household population by level of education by sector, gender, province and district	81
Table A4	Percentage Distribution of household population by marital status by sector, gender, age, province and district	82
Table A5	Percentage Distribution of household population by current activity status by sector, gender, age, province and district	83
Table A6	Distribution of household population living away from the household by sector, gender, age, province and district	84
Table A7	Child population aged 5- 17 years by age and sector/gender	85
Table A8	Child population aged 5 -17 years by Gender and province/ district	86
Table Ad1	Distribution of children not attending school by age group, Gender and sector	87
Table Ad2	Distribution of children by reason for not attending school and Gender	87
Table Ad3	Distribution of children by reason for not attending school and sector	88
Table HK1	Percentage distribution of children engaged in family activities by number of hours so spent and sector/ Gender/ age group	88
Table HK2	Percentage distribution of children engaged in housekeeping activities by number of hours spent and by school attendance and Gender	89
Table B30	Percentage distribution of working children by average monthly income	89
Table HK3	Percentage distribution of children engaged in housekeeping activities by type of activity and by Gender and sector	90
Table B1.1	Distribution of children aged 5 - 17 years by school attendance status by sector, gender, age, province and district	91
Table B1.2	Distribution of working children (5 - 17 years) by school attendance status by sector, gender, age, province and district	92
Table B1.3	Distribution of child labour {5 - 17 years) by school attendance status by sector, gender, age, province and district	93
Table B2	Percentage distribution of school attending children by distance to school by sector, gender, province and district	94
Table B3	Percentage distribution of school attending children by mode of travel to school by sector, gender, province and district	95
Table B4	Percentage distribution of school attending children, numbers of days missed any school days during the last week by sector, gender, age and district	96
Table B5	Percentage distribution of school attending children, main reason for not attending school during the last week by sector, gender, age, province and district	97
Table B6	Percentage distribution of never attended children, main reason for never attended school by sector, gender, (5<=)age, province and district	98
Table B7	Percentage distribution of children currently not attending school by reason for leaving school, age group and gender	99
Table B8	Percentage Distribution of ever received or receiving any skills training by age & gender	100

Table B9	Percentage Distribution of children by subject of training by age & gender	100
Table B10	Percentage Distribution of children by time spent for leisure activities by age and gender	101
Table B11	Percentage Distribution of child labour by time spent for leisure activities by age and gender	102
Table B12	Percentage Distribution of children currently attending school and engaged in any activity before or after school hours by gender and sector.	103
Table B13	Percentage Distribution of Children currently attending school and engaged in any activity by gender and sector	104
Table B14	Children aged 5-17 years currently attending school and engaged by type of activity	105
Table B15	Composition of children engaged in activity status by Gender	106
Table B16	Composition of children engaged in activities status by age group	107
Table B17	Children aged 5-17 years by current activity status and Gender	108
Table B18	Economically active children aged 5 - 17 years by Gender and sector	109
Table B19	Children aged 5 - 17 years by activity status, province & district	110
Table B20	Percentage distribution of currently working children by level of education and gender	111
Table B21	Percentage distribution of currently working children by level of education and sector	111
Table B22	Distribution of working children (age 5-17 years) school attendance status by sector, gender, age, province and district	112
Table B23	Distribution of child labour by school attendance Status by sector, Gender, age, province and District	113
Table B24	Percentage Distribution of working children by occupation and Gender, sector, age group and province	114
Table B25	Percentage Distribution of child labour by occupation by Gender, sector, age group & province	115
Table B26	Percentage distribution of working children by major industrial group by Gender, sector, age group & province	116
Table B27	Percentage Distribution of child labour by major industrial group by Gender, sector, age group & province	117
Table B28	Percentage Distribution of working children by place of work and by Gender Percentage	118
Table B29	Distribution of working children by employment status and age group	119
Table B30	Percentage distribution of working children by average monthly income	120
Table B31	Percentage distribution of working children period of time carry out those activities	120
Table B32	Percentage distribution of paid employee children by mode of payment, sector, Gender and age group	121
Table B33	Percentage distribution of paid children by spending their earnings sector, Gender and age group	121
Table B34	Percentage distribution of working children by weekly hours worked, sector, Gender and age group	122
Table B35	Percentage distribution of working children aged 5-17 years by year of starting work	122
Table B36	Percentage Distribution of working children (usual status) by occupation by Gender, sector, age group & province	123
Table B37	Percentage distribution of working children (usual status) by major industrial group by Gender, sector, age group & province	124
Table B38	Percentage Distribution of working children(usual status) by employment status and age group	125
Table B39	Percentage distribution of working children (usual status) by number of months worked and by sector	125
Table B40	Percentage distribution of working children (usual status) by number of months worked and by Gender	126
Table B41	Percentage distribution of children engaged in Family work activities	126
Table B42	Percentage distribution of children engaged in Family work activities by sector and Gender	127
Table B43	Children engaged in Family work activities by age group and Gender	127
Table B44	Percentage distribution of children aged 5-17 years, time spent on Family work activities during a week by sector, Gender and age	128
Table B45	Percentage distribution of working children by parents' survival status and Gender	128
Table BS1	Composition of children engaged in activity status by Gender	129
Table BS2	Composition of children engaged in activity status by sector	130
Table BS3	Composition of children engaged in activity status by age group	131
Table C1	Percentage distribution of working children suffered from due to work Illness/Injuries during the last 12 months by Age and Gender	132
Table C2	Percentage distribution of working children who ever worked suffered from illness / injuries due to work by age and Gender	133

Table C3	Percentage distribution of child labour who ever worked suffered from illness / injuries due to work by age and Gender	134
Table C4	Percentage distribution of working children who ever worked of illness / injuries and current schooling status	135
Table C5	Percentage distribution of working children no. of days admitted to hospital due to their injuries/accident/illness	136
Table C6	Percentage distribution of working Children exposed in any of the following by Gender and Age	137
Table C7	Percentage distribution by Child labour exposed in any of the following by Gender and age	138
Table D1	Percentage distribution of children according to their Parents/Guardians preference towards choosing work for their children by Sector	139
Table D2	Percentage distribution of children according to their Parents/Guardians preference towards choosing work for their children by Gender	139
Table D3	Percentage distribution of working children facing problem due to their work by Sector	140
Table D4	Percentage distribution of working children facing problem due to their work by Gender	140
Table D5	Percentage distribution of working children by main reason for letting by Sector	141
Table D6	Percentage distribution of working children by main reason for letting by Gender	141
Table D7	Percentage distribution of Type of problems faced by parents of family if working children stop working by Sector	142
Table D8	Percentage distribution of type of problems faced by parents if working children stop working by Gender	142
Table D9	Percentage distribution of working children by relationship with employer by Sector	143
Table D10	Percentage distribution of working children by relationship with employer and Gender	144
Table E1	Percentage distribution of children (aged 5-17) by main reason for living away from the household by Sector	145
Table E2	Percentage distribution of children (aged 5-17) by main reason for living away from the Household by Gender	145
Table F1	Percentage distribution of children by type of structure and by nature of employment and sector.	146
Table F2	Percentage distribution of children by tenure ship states of household dwelling by nature of employment and sector.	147
Table F3	Percentage distribution of children by occupied rooms in household and sector	148
Table F4	Percentage distribution of children by total floor area in household and sector.	149
Table F5	Percentage distribution of children by principle material of wall, floor and roof construction by sector.	150
Table F6	Percentage distribution of children by principle type of lighting and sector	151
Table F7	Percentage distribution of children by principle type of cooking fuel and sector.	152
Table F8	Percentage distribution of children by safety of drinking water and sector	153
Table F9	Percentage distribution of children by availability of toilet by sector	154
Table F10	Percentage distribution of children by durable goods/assets own by sector	155
Table F11	Percentage distribution of children by total own land area and sector	156
Table F12	Percentage distribution of children by main reason for obtaining a loan by sector	157
Table F13	Percentage distribution of children by migration from one district to another district by sector	158
Table F14	Percentage distribution of children by main reason for changing the place of residence by sector. Percentage distribution of children by household income group by sector	159
Table F15	Percentage distribution of children by household income group by sector	160
Table F16	Percentage distribution of children by living standard and sector	161
Table F17	Distribution of number of household and number of working children by household size and sector	162
Table F18	Distribution of number of households and number of child labour by household size and sector	162
Table R1	Reliability statistics for the estimation of total child population by age, sex, sector, province and district	163
Table R2	Reliability statistics for the estimation of total child labour by age, sex, sector and province	164
