**Concept & Definitions:**

1. **Labour Force:** The labour force is composed of the economically active population 10 years of age and over.
2. **The Economically Active Population:** is defined as those persons who are/were employed or unemployed during the reference period of the survey.
3. **Employed:** Persons, who worked as paid employees, employers, own account workers (self employed), or unpaid family workers during the reference period are said to be employed. This includes persons with a job but not at work during the reference period.
4. **Unemployed:** Persons available and/or looking for work, and who did not work and taken steps during last four weeks to find a job and ready to accept a job given a work opportunity within next two weeks.
5. **Reference period:**  
  
Reference period "current": The week preceding the week of the survey; i.e. last week.
6. **Not in the Labour Force (not economically active):** Persons who were neither working nor available/looking for work are classified as "not in the labour force". Persons are not in the labour force for such reasons as: full time care of the household, full-time students, retired or old age, infirmed or disabled, or are not interested in working for one reason or another.(Current and usual definitions apply)
7. **Underemployment** is defined based on **hours of work** in his occupation/Economic activity. i.e. The persons who are willing and able to work beyond the **total hours** work.
