## Identification

### SURVEY ID NUMBER

LKA-DCS-LFS-2011-v1.0

### TITLE

Labour Force Survey - 2011

### COUNTRY

Name	Country code
Sri Lanka	LKA

### STUDY TYPE

Labor Force Survey [hh/lfs]

### SERIES INFORMATION

Sri Lanka Labour Force Survey (LFS) was designed to measure the levels and trends of employment, unemployment and labour force in Sri Lanka. Since 1990, the survey is being conducted quarterly. 2011 is the twenty first successive year in which the survey has been repeated. Amongst other figures, Provincial level estimates are taken from the Annual LFS 2011 data file which is a combination of all the four quarterly files processed for the year 2011.

### ABSTRACT

The employment/unemployment data are required at very short intervals to monitor the program made in the employment generating policies of the government. To satisfy this need, Sri Lanka Labour Force Survey was designed as a quarterly basis survey to measure the levels and trends of employment, unemployment and labour force in Sri Lanka. Thus the survey is repeated four times each year since the first quarter of 1990. Key objectives of the survey - To study the economically active / inactive population. - To analyze employment by major industry group and employment status. - To determine unemployment rates by level of education and by age group - To study the informal sector employment. - To determine the underemployment rates by sector and by major industries

### KIND OF DATA

Sample survey data [ssd]

### UNIT OF ANALYSIS

Individuals from the population aged 10 years or more

## Version

### VERSION DESCRIPTION

v1.0: Full edited dataset, original version for internal DPD use.

### VERSION DATE

2013-08-27

### VERSION NOTES

v1.0: Full edited dataset, original version for internal DPD use.

## Scope

### NOTES

The scope of LFS 2011 includes the following key sections:-

- 1). Identification Information
- 2). Control Data
- 3). Personal Information

4). Information on Labour Force Identification and Personal Information are as follows:-

Identification Information - Address, Province, District, D.S. Division, G. N. Division, Sector, Name of MC/UC/PS - Name of

Ward/Village/Estate, Census Block Number, Sample Reference Number - Survey Quarter, Number of households, Name of the Head of the household - Identifications of Interviewers & Supervising Officers Personal Information - Relationship to Head of Household, Gender, Age, Ethnic Group, Religion, Marital Status - Educational Attainment, Attendance at Schooling or other Educational Institution - Professional / Technical Training, Persons who are working abroad

## TOPICS

Topic	Vocabulary	URI
LABOUR AND EMPLOYMENT [3]	CESSDA	<a href="#">Link</a>

## Coverage

### GEOGRAPHIC COVERAGE

National coverage. [Excluding the Northern and the Eastern Provinces] This survey covered persons living in housing units only and, it excludes the institutional population.

### UNIVERSE

Working age population (10 years and above) living in the non-institutional households in Sri Lanka

## Producers and sponsors

### PRIMARY INVESTIGATORS

Name	Affiliation
Department of Census and Statistics	Ministry of Finance and Planning

## Sampling

### SAMPLING PROCEDURE

**2.1 Sampling plan and the sampling frame** A two stage stratified sampling procedure was adopted to select a sample of 22,500 housing units to be enumerated in the survey. The master sampling frame prepared for 2001 Census of Population and Housing was used as the sampling frame for the selection of sample for the labour force survey 2010. This main frame was updated after the Tsunami incident in 2007 using quick count method. **2.2 Sample size** The quarterly survey was conducted since 1990 using a sample of 2,000 housing units per quarter in areas other than North and East, and the sample size was increased to 4,000 housing units per quarter in 1996 and continued thereafter. However, in 1992 and 1997, an annual sample of 20,000 housing units was selected to give reliable estimates of district level. In 2004 again 20,000 housing units were selected for the survey. However, in order to provide district level estimates precisely, it was decided to use 20,000 - 25,000 housing units as the annual sample from 2006. As such, in 2010, the annual sample of 22,500 housing units were selected. **2.3 Sample Allocation** In 2010, 2,250 Primary Sampling Units (PSU's) are allocated to each district and each sector by using the Neymann Allocation method which considers the variance of unemployment rate as usually. The allocated sample for each district then equally distributed among the 12 months. Table 1 gives the sample distributions by district for year 2010

District	Housing Units	Total
Mullaitivu	390	22,500
Colombo	2,150	
Kilinochchi	360	
Gampaha	1,920	
Batticaloa	560	
Kalutara	1,210	
Ampara	900	
Kandy	1,400	
Trincomalee	390	
Matale	610	
Kurunegala	1,680	
Nuwara Eliya	600	
Puttalam	840	
Galle	1,200	
Anuradhapura	960	
Matara	970	
Polonnaruwa	500	22,500
Hambantota	840	
Badulla	860	
Jaffna	720	
Moneragala	550	22,500
Mannar	390	
Ratnapura	1,160	
Vavuniya	390	
Kegalle	950	22,500

**2.4 Selection of Primary Sampling Units (PSU)** Primary sampling units are the census blocks prepared for the Census of Population and Housing - 2001. The sample frame, which was updated after Tsunami has been used for the selection of primary sampling units. **2.5 Selection of Secondary Sampling Units (SSU)** Secondary Sampling Units are the housing units in the selected 2,250 primary sampling units (census blocks). From each primary sampling unit 10 housing units (SSU) are selected for the survey using random sampling method.

### DEVIATIONS FROM THE SAMPLE DESIGN

In 2009, the field work of the survey for the year 2011 was done in all twelve months in 2011. Even though it was planned to conduct the labour force survey in Northern and Eastern provinces, the survey could not be conducted properly in Northern province due to the prevailing conditions. In year 2011 the survey was carried out in Eastern province successfully as in 2009. Therefore, this report is based on an annual sample of 20,250 housing units, excluding only Northern province providing national, provincial and district level estimates with a stipulated standard errors of labour force characteristics as

reported in the relevant reference periods of each 12 months of the year 2011. This survey covers persons living in housing units only and, it excludes the institutional population.

## Data Collection

### DATES OF DATA COLLECTION

Start	End
2011-01-01	2011-01-31

### DATA COLLECTION MODE

Face-to-face [f2f]

### SUPERVISION

Field supervision Senior officers of the DCS visited the Districts to check whether enumerators have done their work properly. These supervising officers were expected to submit their reports to the heads of the relevant divisions based on their observations.

### DATA COLLECTION NOTES

Field Work The field work of the survey for the year 2009 was done in all 12 months from January to December 2009. Listing operation was also staggered over a period of 12 months starting from November 2009 to October 2011. For each primary sampling unit, updating was done, about two months prior to the scheduled interviewing. As such, for example, the census blocks which were surveyed in April, were updated in February. Statistical officers of the DCS were involved in the listing operation prior to the survey and also in the survey data collection operation. Each statistical officer is responsible for doing all statistical activities in a Divisional Secretariat division to which she/he is attached. These officers were given a thorough training before they were entrusted with the survey operations. In each district, there is an officer who is incharge of the statistical activities in the district.

### DATA COLLECTORS

Name	Abbreviation	Affiliation
Department of Census and Statistics	DCS	Ministry of Finance and Planning

## Questionnaires

### QUESTIONNAIRES

Survey Schedule Current survey concepts and methods are very similar to those introduced at the beginning of the survey in 1990. However, some changes have been made over the years to improve the accuracy and usefulness of the data. Beginning in January 2006, some significant improvements were made to the labour force survey schedule in order to fulfill the requirements of its users and also to provide additional information for the planning purposes. This was done after carefully reviewing of the LFS schedule with the technical assistance provided by the Economic and Social Commission for Asia and the Pacific (ESCAP) Adviser. The revision was made focusing on literacy, household economic activities, informal sector employment and underemployment etc. This revised version of the questionnaire has been using since first quarter, 2006.

## Data Appraisal

### ESTIMATES OF SAMPLING ERROR

The estimation procedure is given in the section 2.6 in the Annual Report. The Annual Report is attached in the External Resources Section.

### DATA APPRAISAL

The adjustments for non-response is given in the section 2.7 in the Annual Report. The Annual Report is attached in the External Resources Section.

## Access policy

### CONTACTS

Name	Affiliation	Email	URL
Information Unit	Department of Census & Statistics	information@statistics.gov.lk	<a href="http://www.statistics.gov.lk">http://www.statistics.gov.lk</a>
Sample Survey Division	Department of Census & Statistics	sample.survey@statistics.gov.lk	<a href="http://www.statistics.gov.lk">http://www.statistics.gov.lk</a>

### CONFIDENTIALITY

Under the Statistical ordinance, micro data cannot be released with identifications for public use. Procedures are in place to ensure that information relating to any particular individual person, household or undertaking will be kept strictly confidential and will not be divulged to external parties. Information on individual or individual Household/establishment will not be divulged or published in such a form that will facilitate the identification of any particular person or establishment as the data have been collected under the Census/Statistical ordinance, according to which the information at individual level cannot be divulged and such information is strictly confidential. The following rules apply to micro data released by the Department of Census and Statistics.

- Only the requests of Government Institutions, Recognized Universities, Students, and selected international agencies are entertained. However, the Data users are required to strictly adhere to the terms stipulated in the agreement form.
- All the data requests should be made to Director General (DG) of the DCS as the sole authority of releasing data is vested with the DG, DCS. DCS of Sri Lanka reserves sole right to approve or reject any data request made depending on the confidential nature of the data set and intended purpose of the study or analysis.
- Requests for micro data should be made through the agreement form designed by DCS for this purpose (Form D.R.1). The agreement form should be filled in triplicate and the Study/project proposal should accompany the filled agreement form. If requests are made for the micro data of more than one survey, a separate agreement should be signed.
- If the data request is from a student a letter from the respective Dept. Head/Dean/Supervisor, recommending the issue of data, should also be accompanied.
- If the request is approved only 25% of the data file is released at the first stage. The release of the total data file is considered only after reviewing the draft report prepared on the basis of the 25% sample data file.
- The released Data file should be used only for the specific study/Analysis mentioned in the agreement form and shall not be used for any other purpose without the prior approval of the Director General of the DCS. Moreover, Copies of the micro-data file, obtained from the DCS, shall not be given to anyone else without the prior written approval of the Director General of the DCS.
- The draft report of the Study/Analysis should be submitted to the DCS and the concurrence of the DG, DCS, should be obtained before publishing it. Once published, a copy of the final report should be submitted to the DCS.

### ACCESS CONDITIONS

The dataset has been anonymized and is available as a Public Use Dataset. It is accessible to all for statistical and research purposes only, under the following terms and conditions:

1. The data and other materials will not be redistributed or sold to other individuals, institutions, or organizations without the written agreement.
2. The data will be used for statistical and scientific research purposes only. They will be used solely for reporting of aggregated information, and not for investigation of specific individuals or organizations.
3. No attempt will be made to re-identify respondents, and no use will be made of the identity of any person or establishment discovered inadvertently.
4. No attempt will be made to produce links among datasets provided by the Department or among data from the Department and other datasets that could identify individuals or organizations.
5. Any books, articles, conference papers, theses, dissertations, reports, or other publications that employ data obtained from the Department will cite the source of data in accordance with the Citation Requirement provided with each dataset.
6. An electronic copy of all reports and publications based on the requested data will be sent to the Department
